Result of the Voting in Montgomery County.

Talbott Wiss the Nomination for State's Attorney With Ease-The Legislative Candidates.

Special Correspondence of The Evening Star.

ROCKVILLE, Md., July 30, 1899. About thirty-five hundred votes were cast at the democratic primary election held in this county yesterday. It was an unusually heavy pell for a primary contest, and showed the great interest taken in the fight. Most of the interest was centered in the fight for the state's attorneyship nomination, and, as was predicted in The Star. Mr. H. Maurice Talbott proved to be an easy winner, defeating his nearest competitotal vote was: Talbott, 1,373; Kfigour, 957; Prettyman, 760, and Waters, 426. This contest was bitterly fought, and has engendered considerable bad feeling.

The full vote upon a question of a change in the primary system is not yet known. but it is thought that there will be a large

majority against any change.

stock into shape for the fast advancing fall. Needless to say that anything specially designed for

summer use must be sold, whether at a loss or profit. We do not carry goods over from one season to the next, and are quite prepared to pocket a loss on goods that are lagging behind. Nor are prices reduced on summer goods alone. Our whole stock must be constantly changed to keep up with the advances in furniture making. This summer our stock is larger than ever before, and consequently we have made more liberal price reductions than ever before. If you wish to obtain the
